

Set of stiffeners for handball/futsal goals

PB100 - PB0100A0030

A set of metal stiffeners to be used in handball/futsal goals.

Stiffeners can be vertical and used as complement to increase rigidity in models with horizontal backstays (Ref.- PB100, a set comprises four stiffeners, two for each goal).

They can also be horizontal and used as spare parts for models with vertical backstays (Ref.- PB0100A0030, a set comprises two stiffeners, one for each goal).

Standard colour: white.
