

Shot Put Distance Marker Box

AL100

Made of fiberglass. They are designed and built for easy storage and can be stacked one inside another.

The surface is smooth with the color built into the material throughout the thickness of the product in order to reduce maintenance.

A reinforcement strip along the lower perimeter gives rigidity and stability to the product. At the top of the box is a hole for easy transport.

The numbering is made with stickers on each of the three sides of the box.

Boxes are numbered each meter from 14 to 20. Custom numbering available upon request
