

Track Curbing

AV150 - AV150A

Designed and manufactured in accordance with, and certified under, the Regulations of the International Federation (IAAF Certificate: E-99-0186).

The curbing is manufactured from extruded aluminum profiles, with rounded edges; Both the curbing and the clams that support and anchor the curbing to the ground are subject to a degreasing and priming treatment, and lacquered in white color.

It is built in straight and curved sections, customized to match the track radius.

Permanent: it is fixed permanently to the ground by means of nylon anchor bolts.

Removable: it is laid on the ground and held in position by means of pins introduced in aluminium ground sleeves.
