

Team changing room timer

ME0025

LED team changing-room timer shows game TIME and TIME OUT.

Digits are 12 cm in height (green for TIME and red for TIME OUT).

It is usually installed in the team changing-room and its controlled by the main scoreboard console.

Communication between the console and the timer occurs through a data cable RS485 (not included).

An additional splitter may be needed if several timers are to be installed in different rooms.

It can function as a clock when the scoreboard "clock option" has been selected in the console.

The timer must be connected to a 220 V power supply.

Weight: 7 Kg

Dimensions: 750x 105 x 270 mm
