

Discus, Hammer and Javelin Distance Marker Box WS

AL115

Made of fiberglass-reinforced polyester. They are designed and built for easy storage and can be stacked one inside another. The surface is perfectly smooth with the color built into the material throughout the thickness of the product in order to reduce maintenance.

A reinforcement strip along the lower perimeter gives rigidity and stability to the product. At the top of the box is a hole for easy transport.

The numbering is made with stickers on each of the three sides of the box.

Boxes are numbered every 5 meters from 30 to 90.
